EXAMINER'S AMENDMENT

This application is in condition for allowance except for the presence of claims 38-60 to an invention non-elected without traverse. Accordingly, claims 38-60 have been cancelled.

The following is an examiner's statement of reasons for allowance: The prior art does not teach a method which determines whether a loss of ventricular capture is possibly due to blanking period undersensing and then adjusts the blanking period so as to test it..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
